INDO-CANADIAN

BUSINESS - CONFERENCE 2018

November 3, 2018

Sheraton Guildford, Surrey

The Times of Canada

INDO-CANADIAN BUSINESS CONFERENCE

The Times of Canada Group has been steadily increasing its influence in the media and events industry of Canada, especially British Columbia. After the tremendous success of its community event, Annual Diwali Gala, The Times of Canada Group has now taken another leap, it is now going to host a unique Business Conference which will connect business organizations of Canada and India. The 1st Annual TOC Indo-Canadian Business Conference 2018 will be held on Nov 1, 2018 at Sheraton Guildford, Surrey.

India is the 6th fastest growing economy in the world and it offers great opportunities to Canadian businesses to expand their business and grow. Likewise, Canada is one of the top ten economies which has great potential to grow and offer opportunities to Indian businesses.

The TOC Indo-Canadian Business Conference has been envisioned as a platform that will offer opportunities to businesses from both the countries to forge long lasting relations for future collaborations.

HIGHLIGHTS

Distinguished Speakers

Various distinguished guests including Ministers, industry leaders and investors will address the conference.

One to One Interaction

Chance to interact one to one with various business leaders and politicians from both the countries.

The Goal

The Goal of The Times of Canada Indo-Canadian Business Conference is to provide networking opportunities between businesses and organizations of both Canada and India. This conference is to support the trade and economic development between Canada and India.

The companies from Canada and India will get to meet with their industry specific counterparts and discuss the opportunities of investing in each other's country. Industry leaders from various sectors and members of local, provincial & federal governments will address the participants during conference.

Participants

A diverse mix of industry sectors including: Real Estate Developers, Import-Export, Education, Food & Agriculture, Technology, Finance, Legal, Fashion and Immigration, will participate in the conference.

1. Indian Real Estate Developers have been travelling overseas to sell their inventory and as of now not many have showcased at Vancouver.
 2. With growing ethnic population in Canada, Indian Import/Export houses would have an opportunity to explore new business tie ups.
 3. Canada is emerging a new leader in education opportunities for international students.
 4. Vancouver, being a hub of tech startups, inviting Indian SM tech companies could lead to more collaboration and joint ventures in tech industry.
 5. People from Indian origin need services of India based Accounting and Taxation experts in key matters of estate planning, asset transfer.
 6. Indian law firms can assist local people from Indian origin in the matter of legal disputes and understanding law implications for Canadians of Indian origin.
 7. Indian fashion industry is going global and with increasing demand of Indian fashion and increase in disposable income of local households, there is an opportunity for Indian fashion brands to look in to Canadian market.
 8. Many Indian artists (singers, actors etc.) have settled in Canada. There is an opportunity for Indian artists to look into settlement and their work options.
